Some Church ‘Involvement’ Issues

- People who’d like to get involved, but aren’t sure how.
- People who are involved, but aren’t sure how to involve others, or are reluctant to do so.
- People who are responsible for involving others, but have little success finding dependable people.

These issues are like the proverbial “elephant in the room” for the church. Some need to speak up. Some need to step up. Some need to pick others up. Some need to ante up.

What do you need to do to help keep everyone involved?
