## AUGUST 2023 MONTHLY REPORT

### WHAT'S INSIDE THIS ISSUE:

**Latest News cont. - 1-2**

**Summary/future events- 3**

We are a week or so into the month of September. Sorry for the delay on the newsletter. We have had a busy week with a booth at the South Dakota State Fair the first week of the month. We had a pretty good but hot week at the fair. We have noticed that many of the people at the fair are from out of town, so while we may not see visible results here, who knows who we may reach in the process. Since the church in South Dakota is small and scarce any word that we can get out to people is good news. Thanks for your continued support. School is starting back and I am currently taking two classes this semester towards my Masters. August was a relatively slow month for us as we wound down from summer. We had the group from Oklahoma City here that spilled into the month of August, which included the school supply drive and other activities reported on for last month.

**We are always looking for new ways to reach others and get the word of the church here out. I recently starting working part time at the Norby Center a few days here and there a month. The owner sought me out based on seeing me at the gym playing Pickleball and asked if I would be interested. It is super flexible and easy and helps offset our monthly cost to the gym substantially. It also gives me the opportunity to have more regular presence in the community and be able to connect with people in town that I may never have been able to connect with. Fall is quickly upon us and while the fair was one of the hottest weeks of the summer, we have an outlook of lows in the 40's in the coming weeks. My parents are planning a trip west soon and will make a pit stop and stay with us towards the end of September. We have at least three new people that have been attending pretty consistently over the last couple weeks/months and we hope to continue contact with them. Keep them in your prayers. One is a younger couple Ryan and Jacqueline and their son Lewin. As I write this Ryan and I have been in contact about trying to set a time to study each week.**

**One of the kids that comes Cheyenne had a birthday and we got her cupcakes for her birthday. She seemed to really appreciate it.**

**The older kids class got two members recently that switched grades. We recently changed Wednesday night material to the Life of Christ and we all teach the same material just at different levels. It seems to be going well**

**THANK YOU!**

Thanks so much for your continued support. If you would like more information on the work here and want to reach out please feel free. We will be in Florida for a bit the first week or so in October for a wedding, but other than that we plan to continue to work here the best we can. Thanks again for your support, prayers, and cards we greatly appreciate it!

**Thanks for your continued support! Casey and Emily Paulin**
