The Elders wish to inform the congregation of the recent purchase of the property across the alley, (the Miraglio Building). This building became available and Casey, the Elders and Deacons met and looked over the building, and decided it would definitely be an asset to our operation. The close proximity to our building, will provide ample room to park our church vehicles now, and we can utilize the space as we grow. We acquired the Property for a sum of \$160,000. We did not have to secure a loan as we had funds available to make the purchase.
